

Lightroom 5, 6 and Classic 7: The Fundamentals & Beyond

Video List

Color Coding

Green: Core lessons - beginners who want to focus on the basics should start with these; everyone should watch

Orange: More advanced skills (though not necessarily difficult); still potentially useful to everyone

White: Not critical. Many are useful in specific circumstances - consult the Video Table of Contents for descriptions to gauge whether they are of interest to you

<u>Section</u>	<u>Section Minutes</u>	<u>Video Number</u>	<u>Video Title</u>
